Dear : Dr. San Antonio

Greetings of excellence in basic science education!

From June 9-10, 2018, the Philippine Science High School CALABARZON Region Campus envisions to give free seminars and training to public school teachers in various fields of specialization through the annual outreach activity **ELEVATE (Enriching and LEvelling the VALUE of TEaching)** with the theme **“Learning Design in Transition: Elevating Knowledge Transfer through Innovative Instructions.”** This two-day event will be composed of three (3) plenary sessions on the first day and parallel sessions per subject area on the second and last day.

The activity further aims to: (1) upgrade teachers’ awareness on the current issues and trends in teaching; (2) equip the participants with the necessary competence in teaching their areas of specialization(s); and (3) help the teachers improve their knowledge and skills in teaching through new and innovative approaches in enhancing content and pedagogy.

In this regard, we would like to seek endorsement from your good to bring this project into fruition. We hope that this request will merit your most favorable response as we believe we share a noble vision geared towards advancing the professional development of our educators and consequently, the quality of education in the Philippines. Thank you very much for your support to the Philippine Science High School - CALABARZON Region Campus.

Attached to this correspondence are the respective lists of activities scheduled on the aforementioned dates and the call for application.

**CALL FOR APPLICATION**

**ELEVATE CALABARZON 2018: "Learning Design in Transition: Elevating Knowledge Transfer through Innovative Instructions"**

**ELEVATE** (Enriching and LEvelling the VAalue of TEaching) **CALABARZON 2018** (formerly called PISAY Teach) is an annual outreach activity of Philippine Science High School CALABARZON Region Campus that gives free seminars, trainings and workshops to public school teachers in various fields of specializations. The theme of this year's seminar-workshop is "**Learning Design in Transition: Elevating Knowledge Transfer through Innovative Instructions**". This 2-day activity will be composed of three (3) plenary sessions on the first day and parallel sessions per subject area which will be held simultaneously on the second day.

The activity further aims to: (1) upgrade teachers' awareness on the current issues and trends in teaching; (2) equip the participants with the necessary competence in teaching their areas of specialization(s); and (3) help the teachers improve their knowledge and skills in teaching through new and innovative approaches in enhancing content and pedagogy. This free seminar-workshop is open to elementary teachers (Grade 6) from DepEd Region IV-A who have taught or are currently teaching English, Science and Mathematics. In addition, the qualified applicants will be provided with the following: AM snack, lunch and PM snack (Day 1 only), accommodation in the PSHS-CBZRC Dormitory (optional, however, the beddings and toiletries will not be provided), and individual seminar-workshop kit.

At the end of the seminar-workshop and upon completion of all the requirements, including prompt attendance, the participants will be awarded with certificates of participation and recognition.

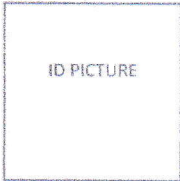

Forty (40) participants per subject area will be chosen from the applicants in order to ensure a hands-on and more interactive environment. The deadline for submission of the completed application form is on **May 25, 2018** (please see the attached **Procedure for Application**). For inquiries, you may send an e-mail to [pisayelevate@gmail.com](mailto:pisayelevate@gmail.com).
